QRD1000ProID

RFID wiegand readers

The QRD1000ProID series of wiegand readers offer different reading technologies such as 125KHz EM, 13.56MHz Mifare®, DESFire®, FeliCa or Legic. With robust all-weather protection, a modern aesthetic design, different sizes and versions with and without keypad, they are the best choice for indoor and outdoor applications.

Technical specifications

Reading range	QRD1000ProID10 EM/IC 3,5cm. QRD1000ProID20/ 30/ 40 EM/ IC 5cm	**Protection**	IP65
Reading time	300 ms	**Material**	ABS+PC
Port of entry	External LED control External Buzzer Control	**Feeding**	Operating voltage 7~13V DC
Output format	Wiegand 26 or 34 Bits adjustable	**Temperature**	-20 °C to 65 °C
LED	White flashing led for standby Red and green LEDs	**Humidity**	10% ~ 90% relative humidity no condensed
Audio	Beep	**Dimensions**	QRD1000ProID10: 80.5 × 44 × 15mm. QRD1000ProID20/30: 90 × 90 × 16mm. QRD1000ProID40: 116 × 75 × 15mm.
